Feedback on Lunch Issue

A limited number of our members have responded to my request for input on the lunch issue. Five responses indicate we should individually pay for the lunches because of all the other support Homewood provides. One response indicated they would be happy to skip the lunch. I hope to meet with our Homewood Sponsors later this month to bring this issue to a conclusion. If you want your opinion considered, please call me.

LUNCHES

We have been advised the drug company which has paid for our lunches over the past several years, will no longer provide that support. We are continuing to work on this issue.
